Notes to Condensed Consolidated Interim Financial Statements (Unaudited - Expressed in Canadian Dollars)

Three-Month Period Ended March 31, 2014

1. Nature of Operations and Going Concern

Naturally Splendid Enterprises Ltd. (formerly Race Capital Corp. ("Race")) (the "Company") was incorporated under the laws of the province of British Columbia on December 21, 2010.

The Company is in the natural food industry and provides food supplements packaged for distribution through grocery stores, health and nutrition stores, and other outlets where consumers purchase health-related products. Materials are sourced in bulk and repackaged at the Company's facility with its unique branding under the Company's name. Current products are hemp-based food items that are both conventional and organic, including whole grains and protein powders. Product sales are supported through a combination of direct sales and distribution channels.

The head office, principal address and registered and records office is located at 605 - 1166 Alberni Street, Vancouver, British Columbia, Canada V6E 3Z3.

In February 2013, the Company acquired all the issued and outstanding shares of Naturally Splendid Enterprises Ltd. by amalgamation

The Company's condensed consolidated interim financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. For the three-month period ended March 31, 2014, the Company had a net loss of \$474,295 (2013 - \$1,732,526).

Management cannot provide assurance that the Company will ultimately achieve profitable operations or positive cash flow. The Company's continuation as a going concern is dependent on its ability to attain profitable operations and raise additional capital (Note 15). These matters indicate the existence of material uncertainties that may cast substantial doubt about the Company's ability to continue as a going concern. These condensed consolidated interim financial statements do not reflect the adjustments to the carrying values of assets and liabilities, the reported revenues and expenses and condensed consolidated interim statement of financial position classifications that would be necessary if the going concern assumption was inappropriate.

2. Basis of Presentation

a) Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34 – Interim Financial Reporting and follow the same accounting policies and methods of application as the Company's most recent annual audited financial statements, except as outlined in note 3. These condensed consolidated interim financial statements do not include all of the information and disclosures required by International Financial Reporting Standards ("IFRS") and should be read in conjunction with the annual consolidated financial statements for the year ended December 31, 2013 prepared in accordance with IFRS as issued by the International Accounting Standards Board ("IASB").

The condensed consolidated interim financial statements were authorized for issue by the Board of Directors on May 29, 2014.

Three-Month Period Ended March 31, 2014

b) Basis of presentation

These condensed consolidated interim financial statements have been prepared on the historical cost basis, except for certain financial instruments, which are measured at fair value, as explained in Note 3. These condensed consolidated interim financial statements are presented in Canadian dollars, which is the Company's functional currency.

These condensed consolidated interim financial statements include the accounts of the following entities:

| | Relationship | Percentage |
|--|--------------|------------|
| Naturally Splendid Enterprises Ltd. | Parent | 100% |
| Naturally Splendid Enterprises 2013 Ltd. | Subsidiary | 100% |

All inter-company balances and transactions are eliminated on consolidation.

3. Significant Accounting Policies

The significant accounting policies used in the preparation of these condensed consolidated interim financial statements are consistent with those used in the preparation of the Company's annual consolidated financial statements for the year ended December 31, 2013. The following accounting standard and amendment to existing standards was adopted effective January 1, 2014:

- IAS 32 *Financial Instruments: Presentation* – Amends presentation to clarify certain aspects of offsetting financial assets and financial liabilities.

The adoption of this standard had no effect on the Company's financial position or financial performance.

b) Fair value

The fair value of financial assets and financial liabilities at amortized cost is determined in accordance with generally accepted pricing models based on discounted cash flow analysis or using prices from observable current market transactions. The Company considers the carrying amounts of all its financial assets and financial liabilities recognized at amortized cost in these condensed consolidated interim financial statements to approximate their fair values due to the short-term maturity of these instruments.

c) Management of financial risks

The Company examines the various financial instrument risks to which it is exposed and assesses the impact and likelihood of these risks. These risks arise from the normal course of operations and all transactions undertaken are to support the Company's ability to continue as a going concern. Management manages and monitors these exposures to ensure appropriate measures are implemented in a timely and effective manner. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

Financial instruments that potentially subject the Company to credit risk consist of cash and trade receivables. The Company deposits cash with major Canadian commercial banks. In order to reduce its

credit risk in relation to trade receivables, the Company has adopted credit policies that include the analysis of the financial position of its customers and the regular review of their respective credit limits.

Liquidity risk

Liquidity risk is the risk that the Company will be unable to meet its financial obligations as they become due.

The Company is reliant upon equity issuances and loans as its main sources of cash. The Company manages liquidity risk by maintaining an adequate level of cash to meet its ongoing obligations. The Company continuously reviews its actual expenditures, forecasts cash flows and matches the maturity dates of its cash to capital and operating needs.

The Company has been successful in raising financing in the past; however, there is no assurance that it will be able to do so in the future. As at March 31, 2014, the Company had working capital of \$250,984 (December 31, 2013 - \$505,833).

Other risk

Unless otherwise noted, it is management's opinion that the Company is not exposed to significant interest, currency or other risk.

The Company does not hold or issue financial instruments for trading purposes, nor does it utilize derivative instruments in the management of foreign currency, commodity price or interest rate market risks.

5. Trade and Other Receivables

The Company's trade and other receivables arise from two main sources: trade receivables due from customers and Goods and Services Tax/Harmonized Sales Tax ("GST/HST") receivable due from the government authorities. These are as follows:

| | March 31, 2014 \$ | December 31, 2013 \$ |
